INFINITE SOLUTIONS & POSSIBILITIES

Aviation Credential Renewal Automation Readiness Checklist

- [ ] Are all credential records maintained in a centralized location?
- [ ] Does every credential have a clearly recorded expiry date?
- [ ] Is there a defined owner for each renewal?
- [ ] Are reminders sent before credentials expire?
- [ ] Can employees submit supporting documents through a structured process?
- [ ] Can reviewers identify incomplete or pending requests?
- [ ] Are renewal decisions and supporting actions recorded?
- [ ] Can managers view upcoming renewals and outstanding exceptions?
